4. First-aid measures	<p>Eye contact: Rinse thoroughly with plenty of water for several minutes. If symptoms persist, seek medical advice.</p> <p>Skin contact: Rinse affected area with water. If needed apply cold compress to relieve irritation. If symptoms persist, discontinue use of product and seek medical advice.</p> <p>Ingestion: Drink a glass of water to dilute product. Do not induce vomiting. Act immediately in order to prevent further irritation of mouth, throat and stomach mucosa. If symptoms persist, if persistent vomiting occurs or if blood tinged vomitus is present, seek medical advice.</p> <p>Inhalation: Go into open air and ventilate suspected area. If irritation is experienced, mouth and throat may be rinsed with water. Particles adhering to the nasal cavity may be rinsed/diluted with saline/plain water. If irritation or asthma-like symptoms persist, seek medical advice</p>																																							
5. Fire fighting measures	<p>Not explosive. Not auto-flammable. Not flammable. The product itself will not burn. If anything, packaging may be involved in a fire. Use CO2, dry chemical powders or alcohol resistant foam. If water is used, contain run-off.</p>																																							
6. Accidental release measures	<p>Avoid spillage into sewers or surface water. For large spills: scoop up product mechanically, ideally with vacuum cleaner and rework/dispose as per local legislation. For small spills: product can be washed away with plenty of water.</p>																																							
7. Handling and storage	<p>Store in a cool and dry area.</p>																																							

**Household Care Products – Europe**

**SAFETY DATA SHEET (2001/58/EC)**

**Reference: 112      Issue: 3**  
**PNumber: PA00073658**  
**Issue date: 23/11/2007**  
**Valid until superseded**

<b>8. Exposure controls / Personal protection</b>	Not a hazard in normal use. No personal protective equipment required.
<b>9. Physical and chemical properties</b>	<p>Appearance: Dual phase PVA pouch, green speckled powder, yellow liquid top.          Odour: perfumed          pH (1% solution): 10.5          Flammable: NO          Explosive: NO          Oxidizing: NO          Relative density (g/l): na          Water solubility: High</p>
<b>10. Stability and reactivity</b>	Stable under normal conditions.
<b>11. Toxicological information</b>	<p>Not acutely toxic; may cause vomiting. If very large quantities are ingested, treat symptomatically. Do not induce vomiting. If irritant effects are seen, these will be mild to moderate, depending on exposure. If in contact with eyes flushing with water is recommended.</p> <p>Estimated acute oral toxicity: LD50 (rats) &gt; 2g/kg          Eye irritation: Mildly to moderately irritating to eyes          Skin irritation: Slightly irritating to skin          Chronic toxicity: Repeated exposure to low levels (e.g. residues left on dinnerware) will not cause adverse effects          Contact sensitization: Does not provoke a sensitization reaction</p>
<b>12. Ecological information</b>	<p>The product is intended for wide dispersive use and is compatible with the down-the-drain disposal route. The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.</p> <p>The surfactants contained in this preparation comply with the biodegradability criteria as laid down in Regulation EC/648/2004 on detergents.</p>
<b>13. Disposal considerations</b>	Consumer products ending up down the drain after use. Observe safe handling precautions and local legislation.
<b>14. Transport information</b>	Not subject to ADR/IATA/IMDG codes.
<b>15. Regulatory information</b>	<p>This product is classified as Xi; R36 (Irritant; Irritating to eyes) according to EU-Directive 1999/45/EC and national laws.</p> <p>All substances in the preparation are registered in the EU.</p> <p>Label information:</p>  <p>Irritant          Irritating to eyes.          Contains protease. May produce an allergic reaction.          Keep out of reach of children.          Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.          If swallowed, seek medical advice immediately and show this container or label.          If ingested, drink water and do not induce vomiting.</p>
<b>16. Other information</b>	This product does not require any special training before use. Usage and handling instructions are mentioned on package and on this Material Safety Data Sheet. Safety data sheet available from: <a href="http://www.scienceinthebox.com/en_UK/product/prodcomp_english_en.html">http://www.scienceinthebox.com/en_UK/product/prodcomp_english_en.html</a>
